Murray, C M = Secretary, Canadian Manufacturers Assn, Toronto = April 1915 (ca)

688

Toronto, April 27, 1915.

Dr. R. A. Falconer,

President, University of Toronto,

Toronto.

Dear Dr. Falconer:-

I understand that some of the leading Canadian Universities are endeavoring to interest the Federal Government in Research work, and that efforts are being made to arrange a Conference when the matter can be gone carefully into.

May I enquire whether the date of this Conference has been fixed, and if so whether it will be possible to allow our Association to be represented? The subject is one which appeals very strongly to a large section of our membership and I am sure that we would find it mutually profitable to co-operate.

Yours faithfully,

G.M.M/E.

Secretary.

April 26th, 1915

G. M. Murray, Esq.,

Secretary, Canadian Manufacturers' Association,

Toronto.

Dear Mr. Murray:

Personally I should be very glad to have a representative of the Canadian Manufacturers Association meet with the University representatives when they confer with the Minister of Trade and Commerce with regard to the larger use by the Federal Government of our laboratories for purposes of investigation. The matter, however, rests with Sir George Foster, and if you will write to him saying that as far as we are concerned we will be glad to have you represented he will probably arrange for it when he calls us to meet him.

With kind regards, I am,

Yours sincerely,

President.
